Instructional JPR Verification Sheet

Full Name:_____ **Fire Department:**_____

This Instructional JPR Verification Sheet is to be used in conjunction with the Alabama Fire College Airport Fire Fighter Skill Sheets NFPA 1010, *Standard on Professional Qualifications for Firefighters*, 2024 Edition, Chapter 8. Each of these skills should be taught and assessed during the course. This form must be submitted by the Instructor for Certification.

Practical Examination for Certification: Skills testing will be conducted using a minimum of 25% of the JPRs listed below. The skills will be randomly drawn by the Certification Staff and administered by an approved evaluator after all training hours have been completed. For successful completion of the practical examination, a minimum 70% competency (including critical points) is required for certification.

Skill Sheet	Primary Task	JPR(s) Covered
AFF-01	Responding to Incidents	8.2.1
AFF-02	Communicating Critical Incident Information	8.2.2
AFF-03	Communicating with Air Traffic Control	8.2.3
AFF-04	Airport Operations	8.2.4

Responding to Incidents
Skill Sheet AFF – 01

SKILL	The candidate shall respond to day and night incidents on and adjacent to the airport, so that the route selected and taken provides access to the site within the allotted time
RESOURCES	Given an assignment, operating conditions, a location, a grid map, a vehicle, and a prescribed response time
SCENARIO	Provided by Proctor/Evaluator; Team-based skills require random assignment of roles and responsibilities, and team is graded on its ability to successfully complete the skills as a whole
TIME	Expected time to complete skill(s) is 25 minutes

PERFORMANCE STEPS	**Test**		**Retest**	
Safely performs the following steps:	**P**	**F**	**P**	**F**
1. Reads, interprets, and takes correct action related to grid maps, per requirements of the scenario				
2. Reads, interprets, and takes correct action related to water distribution maps, per requirements of the scenario				
3. Reads, interprets, and takes correct action related to airport markings, per requirements of the scenario				
4. Reads, interprets, and takes correct action related to airport/runway lights, per requirements of the scenario				
5. Selects and takes route that provides access to incident site within the allotted time				
Candidate must successfully perform 4/5 steps including CRITICAL POINTS	**Score: __/5**		**Score: __/5**
