DESCRIPTION

This course is based on NFPA 1031: *Standard for Professional Qualifications for Fire Inspector and Plan Examiner*. A beginning level course for Fire Fighters and other interested parties wishing to become more involved in the aspect of fire prevention and inspections. This course is primarily designed for those entering into fire service inspections and would be extremely useful to City Inspector and Company Level Officers. Some of the topics covered in this course include: Building Construction, Decorative Materials and Furnishings, Fire Drills, Inspection Procedure, Code Enforcement, Fire Alarm, and Communications.

STUDENT LEARNING OBJECTIVES

- Prepare inspection reports
- Recognize the need for a permit
- Recognize the need for plan review
- Investigate common complaints
- Identify the applicable code or standard
- Participate in legal proceedings
- Identify the occupancy classification of a single-use occupancy
- Compute the allowable occupant load of a single-use occupancy or portion thereof
- Inspect means of egress elements
- Verify the type of construction for an addition or remodeling project
- Determine the operational readiness of existing fixed fire suppression systems
- Determine the operational readiness of existing fire detection and alarm systems
- Determine the operational readiness of existing portable fire extinguishers
- Recognize hazardous conditions involving equipment, processes, and operations
- Compare an approved plan to an existing fire protection system
- Verify emergency planning and preparedness measures are in place and have been practiced

- Inspect emergency access for an existing site
- Verify code compliance for incidental storage, handling, and use of flammable and combustible liquids and gasses
- Verify code compliance for incidental storage, handling, and use of hazardous materials
- Recognize a hazardous fire growth potential in a building or space
- Determine code compliance
- Verify fire flows for a site

CERTIFICATION REQUIREMENTS

To be issued certification, the candidate will: provide documentation of prerequisites, complete required training hours including skills training, successfully complete the cognitive written exam, and successfully complete the practical exam.

ACCREDITATION

Alabama Fire College and Personnel Standards Commission maintains accreditation with Pro Board and IFSAC. Each student will automatically receive national registration and certification upon successful completion of all requirements for certification.
