

# ALABAMA FIRE COLLEGE

## AND PERSONNEL STANDARDS & EDUCATION COMMISSION

### COURSE SYLLABUS

**Technical Rescue Personnel (TRP):**  
**Watercraft Rescue Awareness,**  
**Operations, and Technician**

FSC 236

40 clock hours

### PREREQUISITES

- (Pro Board or IFSAC) Certified Rescue Technician: Surface Water
- (Pro Board or IFSAC) Certified Rescue Technician: Swiftwater
- Valid State Boat Operators License

### REQUIRED COURSE MATERIALS

- **Jones & Bartlett: Water Rescue Principles and Practice to NFPA 1006 and 1670 Surface, Swiftwater, Dive, Ice, Surf, and Flood, Third Edition**

#### **Other Required Equipment:**

- Water helmet or climbing helmet (no firefighting helmets)
- Wetsuit or dry suit
- Water boots or tennis shoes
- Water gloves
- Coast Guard approved Type V personal flotation device
- 2 forms of waterproof light (waterproof flashlight and glow stick for night drill)
- Students are strongly encouraged to bring watercraft from their agency as well as fuel, oil, and spare props. This will help with agency watercraft familiarization.

### DESCRIPTION

This course is based on NFPA 1006: *Standard for Technical Rescue Personnel Professional Qualifications*, Chapter 22, 2021 Edition. This course is designed to introduce students to Watercraft Operation on Surface Water and Swiftwater.

### STUDENT LEARNING OBJECTIVES

- 

### CERTIFICATION REQUIREMENTS

To be issued certification, the candidate will: provide documentation of prerequisites, complete required training hours including skills training, successfully complete the cognitive written exam, and successfully complete the practical exam.

### ACCREDITATION

Alabama Fire College and Personnel Standards Commission maintains accreditation with Pro Board and IFSAC. Each student will automatically receive national registration and certification upon successful completion of all requirements for certification.
