

SAFE-T-ZONE

A High-voltage electricity program exclusively for first responders

Safe-T-Zone is presented by experienced **Alabama Power** line workers and designed with **firefighters, police officers, and volunteer firefighters** in mind. The custom-built trailer uses primary and secondary voltage to show the **potential dangers** of overhead and underground **power lines**.

Topics Covered Include:

- Consequences of pulling a meter at a house fire
- Substation fires
- Line on vehicle
- Generator backfeed
- Step Potential
- Downed power lines
