Under general supervision, this position is responsible for the prevention and suppression of fires that occur within the response jurisdiction. Performs operational functions for emergency response activities and light maintenance of equipment, apparatus, and facilities. Participates in training with career and volunteer personnel in order to master fire suppression and hazard mitigation skills. Makes instant and precise decisions on life and death situations every day. Protects life and citizen's property. Performs emergency medical services to patients at fires, wrecks, and any other accident scene. Prepares reports after call completions. Work is performed in accordance with city and department regulations. Requires some independent judgment and technical knowledge. Reports to the Fire Service Lieutenant.

CURRENT CPAT - Candidate Physical Ability Test is required within the previous 6 months for consideration to hire. This process is intended to create a hiring list for future hires for up to one year. The candidates for future hires will also be subject to the requirement of a current CPAT within the previous 6 months.

Essential Functions

- Responds to fire alarms, emergency medical calls, traffic accidents, rescue and other emergency calls to protect life and property.
- Assists in large scale evacuation as needed.
- Operates apparatus for response to and from operations at emergency scenes.
- Operates various hose streams at emergency scenes.
- Searches emergency scenes for trapped and/or injured victims. Rescues victims and performs life sustaining measures.
- Operates various types of power and hand tools as needed to locate and extinguish fires or reach victims.
- Aids and assists fellow firefighters on scene. Receives and carries out orders on emergency scenes as directed by the Incident Commander or his/her designee.
- Collects information at emergency scenes for fire reports.
- Utilizes all fire/rescue related equipment maintained in the Department's inventory.
- Prepares equipment for the next call or emergency.
- Assists in planning and performance of Public Safety Programs.

MINIMUM QUALIFICATIONS

CURRENT CPAT - Candidate Physical Ability Test Required for hire.

As prescribed by the Alabama Fire College and Personnel Standards and Education Commission (AFC & PSEC), job-related physical performance requirements shall be used to select candidates. Therefore, the firefighter candidate shall successfully complete the Fire Service Joint Labor Management Wellness/Fitness Initiative Program-Candidate Physical

Ability Test (CPAT). You must have a current CPAT certification.

Education and Experience:

High School Diploma or its equivalent and four (4) years of experience in a job related field, or an equivalent combination of education, training, and experience that provides the required knowledge, skills, and abilities.

Special Qualifications:

Must possess and maintain all of the following required certifications: State Firefighter I and II certification, a Hazardous Materials Technician Certification within two (2) years of employment, Apparatus Operator-Pumper and Aerial Certifications, and an EMT Basic Certification.

Valid Driver's License.
